

Reserve Tab

The screenshot displays the 'Registration' page for ComfortDelGro Insurance. The left sidebar contains navigation links: Dashboard, Diary Listing, Claims Registration, Claims Payment, Claims Recovery, and Enquiry. The main content area is titled 'Registration' and includes a breadcrumb 'Home / Incomplete Claim Registration'. Below this, there are fields for IP No. (200300012.00), Claim No. (T14000009), Bus Service No. (94), Vehicle No. (SBF9876B), Accident Date (02/05/2013 00:00:00), and Accident Time (06:12). The Organization is listed as 'ST'. A horizontal menu bar includes tabs for Accident, Claim, 3rd Party, Notes, Tasks, Transactions, Attachments, Diary, Reserve (selected), Payment, and Transactions History. The 'Reserve Change' section is active, showing a table of reserves. The table has columns for Date, Type, Claimant Name, Previous Reserve, Reserve Movement, and Current Reserve. A single row is visible with Date 08/08/2014, Type I, Claimant Name third party property, Previous Reserve \$ 0.00, Reserve Movement \$ 3000.00, and Current Reserve \$ 3000.00. Below the table are three buttons: 'TPPD Reserve', 'TPBI Reserve', and 'OD Reserve'. A 'View Reserve History' button is also present. A blue arrow points from the 'TPPD Reserve' button to a text box.

Date	Type	Claimant Name	Previous Reserve	Reserve Movement	Current Reserve
08/08/2014	I	third party property	\$ 0.00	\$ 3000.00	\$ 3000.00

TPPD Reserve TPBI Reserve OD Reserve View Reserve History

3 new buttons for users to select which type of reserve they are making. I.e. if user needs to make a TPPD reserve, user will click the "TPPD Reserve" button.

	Total 2N

Expansion/Collapse button.
By default is collapsed. If
there are value in fields
then section will expand by
default.

User only needs to enter the reserve item(s)
that requires setting up of reserve. i.e. if user
needs to enter reserve for Cost of Repairs and
Loss of Use, use only need to fill up these 2
fields and hit save. System will capture the
reserve for these 2 fields. The reserve
movement and total reserve will be
automatically summed/updated and reflected
in the reserve history.

$$2N = 2A + 2B + 2C + 2D + 2E + 2F + 2G + 2H + 2I + 2J + 2K + 2L + 2M$$
