New Reserve Input Selection:

TPPD Reserve
TPBI Reserve
OD Reserve
LOG

Each entry in the table will come with the following buttons at the end of each entry:

Edit (updating the reserve)
Select (to open up the entry for view?)
Delete (To delete reserve entry for wrong data entry)
History (View all the Reserve movement of the entry)

Wrong Reserve data entry

If user created a wrong reserve entry, how does user remove the wrong entry? Include a Delete Button for user to remove the entry from the Reserve table above (transaction history will still show all the actions done by user)?

TPPD Claim Reserve

Drop down input will be all the claimants' name (from TPPD, TPBI, OD claim) within the same Claim Number, i.e. same accident.
