Remarks

1) Data in Claim Quantum Fields to be mapped from the outstanding reserve in the Reserve Tab (see box in red)

2) 3rd Party Counter-offer & Our Previous Offers fields are textboxes (numeric inputs) for user to enter the figures so that the Supervisor is able to make an informed decision and decide if any changes to the CO's recommendation Maximum Offer are required.

3) CO's Recommendations Maximum Offer is validated with figures in the Reserve screen and system will check the amount in the mandate request against the total payment made for this whole accident. If the amount in the mandate request + the total payment made for this whole accident is more than the Deductible amount, system will prompt the user a warning message.

4) Supervisor's Mandate Maximum Offer is validated with figures in the Reserve, FAL screen and system will also check the amount in the mandate request against the total payment made for this whole accident. If the amount in the mandate request + the total payment made for this whole accident is more than the Deductible amount, system will prompt the user a warning message.
